PROFESSIONAL SUMMARY

Detail-oriented Computer Applications graduate with a strong foundation in full-stack development and cross-platform mobile applications. Proficient in Flutter, Dart, and modern web technologies. Demonstrated ability to develop complete software solutions through academic projects and self-directed learning. Seeking to contribute technical expertise and grow within a collaborative development environment.

WORK EXPERIENCE

Assistant Administrator <i>Shreyarth University</i>	1 Year Experience <i>Ahmedabad</i>
- Assisted in managing day-to-day administrative operations of the university - Coordinated between departments to ensure smooth functioning of academic and administrative activities - Maintained records, schedules, and documentation for university management - Supported faculty and staff in administrative tasks and event coordination	

INTERNSHIP

Software Development Intern <i>Spider wave Technologies</i>	November 2025 – April 2026 6 Months
- Worked on real-world software development projects in a professional environment - Collaborated with the development team to design and implement application features - Gained hands-on experience with industry tools, technologies, and development workflows - Contributed to testing, debugging, and maintenance of software applications	

EDUCATION

Master of Computer Applications (MCA) <i>Shreyarth University</i>	2024 – 2026 <i>Ahmedabad</i>
Bachelor of Computer Applications (BCA) <i>Hemchandracharya North Gujarat University</i>	2021 – 2024 <i>Patan</i>

TECHNICAL SKILLS

Programming Languages: Python, JavaScript, PHP, Dart, C#
Frameworks & Libraries: Django, Django ORM, Django REST Framework (DRF), ASP.NET Framework
Frontend Technologies: HTML5, CSS3, JavaScript, Responsive Design
Databases: MySQL, PostgreSQL, SQLite
Tools & Platforms: Git, GitHub, VS Code, Postman
Concepts: REST APIs, OOP, MVC Architecture, Unit Testing, System Architecture, Authentication, Authorization
Mobile Development: Flutter, Dart

PROJECTS

Second-Hand Car E-Commerce Platform	BCA Major Project 2023 – 2024
--	---------------------------------

Full-Stack Web Application | C#.NET, ASP.NET, HTML, CSS, JavaScript, MySQL

- Developed as the final year major project during Bachelor of Computer Applications (BCA)
- Engineered a secure web application for used car transactions using C#.NET and ASP.NET Framework
- Developed responsive frontend interface with HTML, CSS, and JavaScript for optimal user experience
- Implemented MySQL database management system with efficient data handling and real-time features
- Designed comprehensive system architecture supporting authentication, listings, and user communication

Full-Stack Web Application | Python Django | Spiderwave Technologies

- Developed as the OJT (On-the-Job Training) project during MCA, built during internship at Spiderwave Technologies
- Built a full-featured e-commerce platform to sell refurbished and new laptops and electronic accessories
- Designed and implemented the backend using Python Django with a clean MVC architecture
- Created product listing, category management, cart, and order management features
- Integrated user authentication, admin dashboard, and responsive frontend for seamless user experience

ACHIEVEMENTS

Full-Stack Project Delivery: Successfully developed and deployed a complete e-commerce solution as an independent project

Cross-Platform Expertise: Gained proficiency in both mobile (Flutter) and web development stacks through self-directed learning

Continuous Skill Development: Pursuing advanced certifications in frontend development and Python programming

Academic Progression: Demonstrated commitment to computer science through continued graduate studies after bachelor's degree

CERTIFICATIONS

IBM Skills Build - Front End Web Development

(Expected July 2025)

Code Alpha - Python Programming Internship

(Expected August 2025)

DECLARATION

I hereby declare that all the information mentioned in this resume is true and correct to the best of my knowledge.
